About *Music in the Vineyards*

Music in the Vineyards is Napa Valley's longest running chamber music festival. Founded in 1994 and held each August, it has grown to be one of Napa's premier cultural events and continues to lead the way in the presentation of outstanding music performances. Set in Napa Valley's iconic vineyards, the Festival showcases distinguished musicians and emerging young talent during its four-week season. *Music in the Vineyards* is unique in its ability to feature highly regarded artists in Napa Valley's most picturesque wineries, while preserving the intimacy of chamber music.

In addition to the Festival's signature winery concerts, MITV has broadened its impact through a variety of educational initiatives, such as masterclasses and scholarships for the Napa Valley Youth Symphony. In 2018, MITV introduced the Fellowship String Quartet program, creating a unique professional training opportunity for exceptional young musicians. This initiative not only provides essential career training but also helps expand the Festival's community engagement across Napa Valley.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity, or any other characteristic protected by federal, state or local laws.
